Ave, Cor Mariae!

January 18, 1972

Dear Fr. Alonso,

May your new year be heavily laden with every grace from Heaven.

The Fr. Provincial of the Claretian Portuguese Province has written a letter to Fr. Aloysius asking either complete incorporation of our group into the Portuguese Province or to be on our own as a separate entity. Fr. Aloysius sent Joseph Langford and Charles Carpenter, as his representatives, to interview the Fr. Provincial in Lisbon. Joseph and Charles were very prudent with the Fr. Provincial in their discussion with him, avoiding saying anything against the Province and about the liberal ways that are already creeping into the seminaries all over Fátima. Fr. Provincial stated again what he had written in his letter--that he would like us to be incorporated into the Province, or to have our separate entity.

Our group of ten for Perpetual Adoration do not feel like joining the Portuguese. The Americans do not find in the Portuguese seminarians the ideals the Americans have for which they came to Fatima. The Americans are quite disappointed with the mediocrity and liberal ways of the present seminaries all over Fatima. The American group feels more than ever like going all the way in the holy and high ideals we have. We are highly considered, because of the mercy of God, by all the people in Fátima unanimously, though we do not deserve it. And the two Bishops of Leiria count on us on the 13th of each month to help as altar boys and to carry the Blessed Mother and to be on the side of the Bishop while the Bishop is blessing the sick with the monstrance.

Father, ~~we ten~~, since Fr. Aloysius is still sick, he is asking us to write this letter to you. Fr. Provincial wants an answer as soon as possible. But first, Fr. Aloysius wants to speak with you. When you come back from Madrid, let us know, because we must see you as soon as possible. Fr. Aloysius is somewhat afraid that when the Fr. Provincial receives the answer that the American group wishes to be on their own and not join the Portuguese Province, Fr. Provincial might react strongly against us, and then go to the Bishop of Leiria and prevail on him to dissolve us and force us to leave Portugal. Fr. Aloysius counts on you, Fr. Alonso, to speak as soon as you can, to the Bishop of Leiria about our precarious and difficult situation, and to defend us and secure our staying in Fatima. In this manner, if and when Fr. Provincial goes to the Bishop about our decision, the Bishop will already know what to do.

Now, we have something more to tell you, Father. We are expecting, at the beginning of next month, a millionaire from San Diego, California, and we are going to ask him to pay, not only for our house in Fátima, but also for Pontevedra, so that all your plans in Pontevedra be realized fully, through the help of this millionaire. So, do prepare your plans for Pontevedra, because we Americans are going to back you completely, financially and otherwise.

We count on your fervent prayers. We are praying for you and we love you immensely. You might be the instrument to help bring a new congregation into its being in the Church, in the present day and age, through us Americans.

Best regards from Fr. Aloysius and from everyone of our ten Americans.
Dear Father, after God we count on you.

Rev. Aloysius Ellacuria, C.M.F.
Seminario do Coracao de Maria
Fatima, Portugal

Dear Father Aloysius:

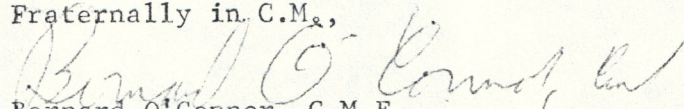

Many thanks for your Christmas and New Year's greetings,
and the kind words enclosed.

It was with interest that I read your words about the ten
young men that you brought with you to Fatima and who
entered the Novitiate in the Portugese Province on
December 7 of last year. I certainly wish you well in
this new experiment. Only time and the Holy Spirit will
tell us what should be done.

Father Freitas Alves, the Portugal Provincial, requests
permission for you to stay as acting Novice Master in
Fatima until some time around Easter. I presume that
Father General has already give his approval and there is
little need of any permission on my part. However, if
needed, you have whatever permission is required for your
stay.

Commending the Province to your prayers

Fraternally in C.M.,

Bernard O'Connor, C.M.F.

8. Inspection. Lender may make or cause to be made reasonable entries upon and inspections of the Property, provided that Lender shall give Borrower notice prior to any such inspection specifying reasonable cause therefor related to Lender's interest in the Property.

9. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of the Property, or part thereof, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender.

In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Deed of Trust, with the excess, if any, paid to Borrower. In the event of a partial taking of the Property, unless Borrower and Lender otherwise agree in writing, there shall be applied to the sums secured by this Deed of Trust such proportion of the proceeds as is equal to that proportion which the amount of the sums secured by this Deed of Trust immediately prior to the date of taking bears to the fair market value of the Property immediately prior to the date of taking, with the balance of the proceeds paid to Borrower.

If the Property is abandoned by Borrower or if after notice by Lender to Borrower that the condemner offers to make an award or settle a claim for damages, Borrower fails to respond to Lender within 30 days of the date of such notice, Lender is authorized to collect and apply the proceeds at Lender's option either to restoration or repair of the Property or to the sums secured by this Deed of Trust.

Unless Lender and Borrower otherwise agree in writing, any such application of proceeds to principal shall not extend or postpone the due date of the monthly installments referred to in paragraphs 1 and 2 hereof or change the amount of such installments.

10. Borrower Not Released. Extension of the time for payment or modification of amortization of the sums secured by this Deed of Trust granted by Lender to any successor in interest of Borrower shall not operate to release, in any manner, the liability of the original Borrower and Borrower's successors in interest. Borrower shall not be required to commence proceedings against such successor or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Deed of Trust by reason of any demand made by the original Borrower and Borrower's successors in interest.

11. Forbearance by Lender Not a Waiver. Any forbearance by Lender in exercising any right or remedy hereunder, or otherwise afforded by applicable law, shall not be a waiver or preclude the exercise of any right or remedy hereunder. The procurement of insurance or the payment of taxes or other liens or charges by Lender shall not be a waiver of Lender's right to accelerate the maturity of the indebtedness secured by this Deed of Trust.

12. Remedies Cumulative. All remedies provided in this Deed of Trust are distinct and cumulative to any other right or remedy under this Deed of Trust or afforded by law or equity, and may be exercised concurrently, independently or successively.

13. Successors and Assigns Bound; Joint and Several Liability; Captions. The covenants and agreements herein contained shall bind, and the rights hereunder shall inure to, the respective successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17 hereof. All covenants and agreements of Borrower shall be joint and several. The captions and headings of the paragraphs of this Deed of Trust are for convenience only and are not to be used to interpret or define the provisions hereof.

14. Notice. Any notice to Borrower provided for in this Deed of Trust shall be given by mailing such notice by certified mail addressed to Borrower at the Property Address stated below, except for any notice required under paragraph 18 hereof to be given to Borrower in the manner prescribed by applicable law. Any notice provided for in this Deed of Trust shall be deemed to have been given to Borrower when given in the manner designated herein.

15. Uniform Deed of Trust; Governing Law; Severability. This form of deed of trust combines uniform covenants for national use and non-uniform covenants with limited variations by jurisdiction to constitute a uniform security instrument covering real property. This Deed of Trust shall be governed by the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Deed of Trust or the Note conflicts with applicable law, such conflicts shall not affect other provisions of this Deed of Trust or the Note which can be given effect without the conflicting provision, and to this end the provisions of the Deed of Trust and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be furnished a conformed copy of this Deed of Trust at the time of execution or after recording hereof.

17. Transfer of the Property; Assumption. If all or any part of the Property or an interest therein is sold or transferred by Borrower without Lender's prior written consent, excluding (a) the creation of a lien or encumbrance subordinate to this Deed of Trust, (b) the creation of a purchase money security interest for household appliances, (c) a transfer by devise, descent or by operation of law upon the death of a joint tenant or (d) the grant of any leasehold interest of three years or less not containing an option to purchase, Lender may, at Lender's option, declare all the sums secured by this Deed of Trust to be immediately due and payable. Lender shall have waived such option to accelerate if, prior to the sale or transfer, Lender and the person to whom the Property is to be sold or transferred reach agreement in writing that the credit of such person is satisfactory to Lender and that the interest payable on the sums secured by this Deed of Trust shall be at such rate as Lender shall request. If Lender has waived the option to accelerate provided in this paragraph 17 and if Borrower's successor in interest has executed a written assumption agreement accepted in writing by Lender, Lender shall release Borrower from all obligations under this Deed of Trust and the Note.

If Lender exercises such option to accelerate, Lender shall mail Borrower notice of acceleration in accordance with paragraph 14 hereof. Such notice shall provide a period of not less than 30 days from the date the notice is mailed within which Borrower may pay the sums declared due. If Borrower fails to pay such sums prior to the expiration of such period, Lender may, without further notice or demand on Borrower, invoke any remedies permitted by paragraph 18 hereof.

NON-UNIFORM COVENANTS. Borrower and Lender further covenant and agree as follows:

18. Acceleration; Remedies. Except as provided in paragraph 17 hereof, upon Borrower's breach of any covenant or agreement of Borrower in this Deed of Trust, including the covenants to pay when due any sums secured by this Deed of Trust, Lender prior to acceleration shall mail notice to Borrower as provided in paragraph 14 hereof specifying: (1) the breach; (2) the action required to cure such breach; (3) a date, not less than thirty days from the date the notice is mailed to Borrower, by which such breach must be cured; and (4) that failure to cure such breach on or before the date specified in the notice may result in acceleration of the sums secured by this Deed of Trust and sale of the Property. If the breach is not cured on or before the date specified in the notice, Lender at Lender's option may declare all of the sums secured by this Deed of Trust to be immediately due and payable without further demand and may invoke the power of sale and any other remedies permitted by applicable law. Lender shall be entitled to collect all reasonable costs and expenses incurred in pursuing the remedies provided in this paragraph 18, including, but not limited to, reasonable attorney's fees.

If Lender invokes the power of sale, Lender shall execute or cause Trustee to execute a written notice of the occurrence of an event of default and of Lender's election to cause the Property to be sold and shall cause such notice to be recorded in each county in which the Property or some part thereof is located. Lender or Trustee shall mail copies of such notice in the manner prescribed by applicable law to Borrower and to the other persons prescribed by applicable law. Trustee shall give public notice of sale to the persons and in the manner prescribed by applicable law. After the lapse of such time as may be required by applicable law, Trustee, without demand on Borrower, shall sell the Property at public auction to the highest bidder at the time and place and under the terms designated in the notice of sale in one or more parcels and in such order as Trustee may determine. Trustee may postpone sale of all or any parcel of the Property by public announcement at the time and place of any previously scheduled sale. Lender or Lender's designee may purchase the Property at any sale.

Trustee shall deliver to the purchaser Trustee's deed conveying the Property so sold without any covenant or warranty, expressed or implied. The recitals in the Trustee's deed shall be prima facie evidence of the truth of the statements made therein. Trustee shall apply the proceeds of the sale in the following order: (a) to all reasonable costs and expenses of the sale, including, but not limited to, reasonable Trustee's and attorney's fees and costs of title evidence; (b) to all sums secured by this Deed of Trust; and (c) the excess, if any, to the person or persons legally entitled thereto.

19. Borrower's Right to Reinstate. Notwithstanding Lender's acceleration of the sums secured by this Deed of Trust, Borrower shall have the right to have any proceedings begun by Lender to enforce this Deed of Trust discontinued at any time prior to five days before sale of the Property pursuant to the power of sale contained in this Deed of Trust or at any time prior to entry of a judgment enforcing this Deed of Trust if: (a) Borrower pays Lender all sums which would be then due under this Deed of Trust, the Note and notes securing Future Advances, if any, had no acceleration occurred; (b) Borrower cures all breaches of any other

covenants or agreements of Borrower contained in this Deed of Trust; (c) Borrower pays all reasonable expenses incurred by Lender and Trustee in enforcing the covenants and agreements of Borrower contained in this Deed of Trust, and in enforcing Lender's and Trustee's remedies as provided in paragraph 18 hereof, including, but not limited to, reasonable attorney's fees; and (d) Borrower takes such action as Lender may reasonably require to assure that the lien of this Deed of Trust, Lender's interest in the Property and Borrower's obligation to pay the sums secured by this Deed of Trust shall continue unimpaired. Upon such payment and cure by Borrower, this Deed of Trust and the obligations secured hereby shall remain in full force and effect as if no acceleration had occurred.

20. Assignment of Rents; Appointment of Receiver; Lender in Possession. As additional security hereunder, Borrower hereby assigns to Lender the rents of the Property, provided that Borrower shall, prior to acceleration under paragraph 18 hereof or abandonment of the Property, have the right to collect and retain such rents as they become due and payable.

Upon acceleration under paragraph 18 hereof or abandonment of the Property, Lender, in person, by agent or by judicially appointed receiver shall be entitled to enter upon, take possession of and manage the Property and to collect the rents of the Property including those past due. All rents collected by Lender or the receiver shall be applied first to payment of the costs of management of the Property and collection of rents, including, but not limited to, receiver's fees, premiums on receiver's bonds and reasonable attorney's fees, and then to the sums secured by this Deed of Trust. Lender and the receiver shall be liable to account only for those rents actually received.

21. Future Advances. Upon request of Borrower, Lender, at Lender's option prior to full reconveyance of the Property by Trustee to Borrower, may make Future Advances to Borrower. Such Future Advances, with interest thereon, shall be secured by this Deed of Trust when evidenced by promissory notes stating that said notes are secured hereby.

22. Reconveyance. Upon payment of all sums secured by this Deed of Trust, Lender shall request Trustee to reconvey the Property and shall surrender this Deed of Trust and all notes evidencing indebtedness secured by this Deed of Trust to Trustee. Trustee shall reconvey the Property without warranty and without charge to the person or persons legally entitled thereto. Such person or persons shall pay all costs of recordation, if any.

23. Substitute Trustee. Lender, at Lender's option, may from time to time remove Trustee and appoint a successor trustee to any Trustee appointed hereunder. Without conveyance of the Property, the successor trustee shall succeed to all the title, power and duties conferred upon the Trustee herein and by applicable law.

24. Request for Notices. Borrower requests that copies of the notice of default and notice of sale be sent to Borrower's address which is the Property Address stated below.

25. Statement of Obligation. Lender may collect a fee not to exceed \$15 for furnishing the statement of obligation as provided by Section 2943 of the Civil Code of California.

IN WITNESS WHEREOF, Borrower has executed this Deed of Trust.

Applicable Sections, Structural Pest Control Act of California

8516.1 Each copy of the inspection report filed with the board pursuant to Section 8516 shall have affixed thereon a stamp issued by the board in the denomination fixed by the board pursuant to Section 8674 as the inspection report filing fee. The board shall provide for the sale of such stamps and for the refund of monies paid for stamps which are returned to it unused.

8516.5 Any person who makes an inspection of any property relating to the absence or presence of wood-destroying pests or organisms on such property and makes a report of such inspection shall furnish a copy of the report to the owner of the property, or if the owner has consented in writing, to the agent of the owner, within five days after completing the report.

8517. Any work contract, billing, agreement, letter of work completed, or other correspondence or document expressing an opinion or making a statement relating to the presence or absence of wood-destroying

pests or organisms shall refer to the report defined in subsections 1 to 9 inclusive of Section 8516. Such documents shall indicate specifically whether all of the recommended work set forth in the inspection report was completed, or, if not, it shall indicate specifically which recommendations were not completed.

8518. When a licensee completes work under contract, he shall not later than five days thereafter file with the board a notice of work completed, on a form prescribed by the board. The notice shall include a statement of the cost of the completed work and estimated cost of work not completed. Each such notice shall have affixed thereto a stamp issued by the board in the denomination fixed by the board pursuant to Section 8674 as the fee for filing a notice of work completed. The board shall provide for the sale of such stamps and for the refund of monies paid for stamps which are returned to it unused.

Applicable Board Regulations

1990. Report Requirements Under Section 8516 (b) 1-9 Inclusive. All reports shall be completed as prescribed by the board. Copies filed with the board shall be clear and legible. All reports must supply information and indicate conditions existing as required by paragraphs 1-9, inclusive, of subdivision (b) of Section 8516 of the code and contain or describe the following:

(a) Date of the inspection.
(b) Name and Structural Pest Control License number of person making the inspection.

(c) Name of person or firm ordering the report.

(1) Name and address of any person whom the operator may designate as a party in interest pursuant to Section 8516 (b) 3 of the code.

(d) Address or location of the property.

(e) General description of building and premises inspected.

(f) A foundation diagram or sketch of the structure or structures or portions of such structure or structures inspected. The diagram shall indicate thereon the approximate location of any infested or infested areas evident and the parts of the structure where conditions exist which would ordinarily subject such parts to attack by wood-destroying pests or organisms.

(g) Infestations, infections or evidence thereof.

(h) Conditions usually deemed likely to lead to infestation or infection including, but not limited to:

(1) Faulty Grade Level. A faulty grade level exists when the top of the foundation is less than 2 inches above the adjacent earth, or when the drainage is such that an adverse moisture condition is evident on the substructure timbers. The existing earth level shall be considered grade.

(2) Inaccessible subareas or portions thereof and areas where there is less than 12 inches clear space between the bottom of the floor joists and the unimproved ground area.

(3) Excessive Cellulose Debris. (This is defined as any cellulose debris of a size that can be raked or larger. Stumps and wood imbedded in footings shall be reported.)

(4) Information regarding the substructure, foundation walls and footings, porches, patios and steps, stairways, air vents, abutments, stucco walls, columns, or other parts of a structure normally subject to attack by wood-destroying pests or organisms.

(5) Structural members found to be structurally weakened by wood-destroying pests or organisms.

(6) Earth-wood contacts.

(7) Commonly controllable moisture conditions which would foster the growth of a fungus infection materially damaging to woodwork, including conditions resulting from stucco leaks, from first floor stall showers when tested in the manner required by Section 1991 (a) (13) of these regulations, and from shower baths.

(8) Woodwork which is adjacent to or in contact with a concrete slab floor.

(i) Areas normally subject to damage which are inaccessible or for other reasons not inspected. The Board recognizes the following areas as inaccessible for the purposes of this subdivision: inaccessible attics or portions thereof; the interior of hollow walls; spaces between a floor or porch deck and the ceiling or soffit below; such structural segments as porte cocheres, enclosed bay windows, buttresses, and similar areas to which there is no access without defacing or tearing out lumber, masonry, or finished work; areas behind stoves, refrigerators, and built-in cabinet work; floors beneath coverings; areas where storage conditions or locks make inspection impracticable.

(j) The report shall indicate or describe any area which is not inspected because it is inaccessible, or which is not inspected for any other reason, and shall either recommend inspection of such areas if inspection is practicable or state the reason inspection is not practicable.

1991. Report Requirements Under Section 8516 (b) 9. (a) Recommendations for corrective measures for the conditions found shall be made as required under paragraph 9 of subdivision (b) of Section 8516 of the code to accomplish the following:

(1) Break all contacts between wood members and the soil.

(2) Clean the subarea of excessive cellulose debris. This excludes shavings or other cellulose too small to be raked. Stumps and wood imbedded in footings shall be treated if removal is impractical.

(3) Correct foundations or piers when faulty grade levels exist. Piers with 4 inches or more of exposed concrete are acceptable. In lieu of raising the foundation, flash walls of a minimum of 3 inch thickness may be installed provided they are properly bonded to the foundation and insure proper drainage.

Exterior grade may be lowered if natural exterior drainage is maintained away from structure.

When evidence of moisture, infestation or infection exists as a result of loose stucco, a recommendation shall be made to correct the condition.

(4) Separate earth in planters from all woodwork by a minimum of 3 inches of concrete or masonry or by a waterproof container.

(5) Separate earth fills such as under porches or other paving from all woodwork by concrete, masonry, or good quality cement plaster, so there is no earth-wood contact. Chemical treatment of infestations arising from earth fills is considered adequate if fill is separated from woodwork by concrete, masonry or good quality cement plaster.

(6) Replace or reinforce structural members visibly structurally weakened by wood-destroying pests or organisms. Wood structurally weakened by fungus shall be removed. Wood which is surface-infected by fungus may be treated by a wood preservative if no structural damage is present. Correct the adverse moisture condition.

(7) Provide adequate ventilation. It shall be considered inadequate when lack of ventilation has contributed to the growth of wood-destroying pests or organisms. Vents shall be above grade or protected by a vent well which will not allow roof drainage or other water to enter the subarea.

(8) Correct conditions in frame and stucco walls and similar construction so that the wood framing is separated from the main structure by a complete concrete or masonry plug with no voids that will allow infestations or infections to enter the structure from the wall. If there is no plug, the foundation shall be 2 inches or more above the grade levels and at least as high as the adjoining slabs or a 4 inch concrete barrier seal off installed.

(9) Exterminate all reported infestations of drywood termites (kaloterms), subterranean termites (reticulitermes), dampwood termites (zootermopsis), or other wood-destroying pests. If evidence indicates that an infestation of drywood termites (kaloterms), dampwood termites (zootermopsis) or wood-boring beetles extends into an inaccessible wall or area, recommendation shall be made to fumigate or to expose the infestation for local chemical treatment. Where accessible, termite pellets shall be removed, covered, or masked over after treatment. Subterranean termite tubes shall be removed where accessible.

(10) Treat an infested area under the structure when subterranean termite tubes are found connected to the ground or when active infestations are found in the ground.

(11) Make all unimproved areas of the subarea accessible for inspection. Twelve inches or more of clearance under floor joists shall be considered adequate except that such clearance shall not be necessary when ratproofing or other paving is present, or where the subarea soil is of such a nature as to prevent excavation or where excavation would create a hazard from shifting soil or other causes. These conditions must be fully set forth in the report. Recommendations shall be made to provide crawl spaces so that any part is sufficiently visible to enable the inspector to comply with Section 8516 (b), Items 6, 7, 8, and 9.

(12) Correct any excessive moisture condition that is commonly controllable. When there is reasonable evidence to believe a fungus infection exists in a concealed wall or area, recommendations shall be made to open the wall or area.

(13) Repair a stall shower if it is found to leak when water tested for a minimum of 15 minutes after the shower drain has been plugged and the base filled to a minimum of 2 inches. Showers over finished ceilings are excluded unless water stains are evident on the ceiling, in which case recommendations shall be made for further testing.

(b) When recommendations are made to correct conditions set forth as required by paragraphs 6 to 8 inclusive of subdivision (b) of Section 8516 of the Code, such recommendations shall not be labeled other than corrective. Under no circumstances shall the same be labeled as preventive.

1992. Secondary Recommendations. In addition to the recommendations required by Section 1991, the report may suggest secondary recommendations with a full explanation of why they are made and that they are secondary measures. If secondary recommendations are performed as allowed under Section 1992, any letter of completion, billing or other document referring to the work completed, must state specifically which recommendations were secondary.

1993. Supplementary Reports. All supplementary reports, as required under Section 8516 (b) 8 of the Code shall indicate the absence or presence of wood-destroying pests or organisms, or conditions conducive thereto and shall be on the form prescribed by and filed with the Board with stamps affixed.

1994. Limited Inspection Reports. If a report is made on part of a building then it must be designated as a limited report. The report shall have a diagram of the area inspected and shall specifically indicate which portions of the building were inspected and the name of the person or agency requesting a limited report.

1995. Limitation of Report. The licensee shall limit the inspection report to buildings shown on the diagram only and identified in the report.

1996. Requirements for Reporting All Inspections Under Section 8516 (b).

(a) A written inspection report conforming to Section 8516 (b) of the code shall be prepared and delivered to the person requesting the inspection or his designated agent whether or not the licensee has offered to perform the inspection without charge. The granting of permission to make an inspection shall be deemed a request to make an inspection.

(b) A copy of each such report shall be filed with the Board at or within the time specified by Section 8516 (b) of the code.

(c) After commencing any inspection the failure or refusal of the person for whom the inspection was undertaken or his designated agent to pay for the inspection or a written inspection report conforming to Section 8516 (b), whether or not any payment was agreed on, shall not excuse the licensee from preparing and delivering a report and filing a copy thereof, as required by this section.

Rev. Father Aloysius Ellacuria
Fatima (Portugal)

My dear Father,

I am writing to answer to your auestions made in Fatima and which I brought to Rome. I do not know if I have been a good advocate. One thing is right: the solution we are giving you has many advantages and avoids many inconvenients. Let the Almighty God act.

You will find below our General Government's advice, after careful study of every document in our possession during the Council on the 7th.:

1. The group of American youngsters, actually novices in our Noviciate in Fatima, follow purposes and methods that, being good, are not in accordance with the purposes and methods of our Congregation.
2. By this reason, this American group mus be separated from the Portuguese group. Regarding the ~~pinex~~ locals to be occupied you Rev. will speak with our Provincial about when and how you will do this change.
3. The Group created by you must be considered as a new foundation. In this moment, we can not recognize and classify it amongst our own Claretian's mission. You shall also ~~find~~ look for a non claretian name to this group.
4. I am writing today to the Bishop of Leiria and I have recommended to him the new foundation in order to be accepted by him, first as association recognized ~~by~~ by him and after as diocesan institute, as you mention in the letter you gave me. Thus, we follow the canonical law and the praxis of the Church.
5. To settle your persomnal position please talk with Father Provincial, Father O'Connor, so that he can obtain you a licence to stay out of Community during 1-3 years, without leaving to be a claretian. I think the Bishop will give you his kind Nihil Obstat. I am writing to F ther O'Connor on this matter.
6. P. Palacin, Provincial of Cantabria, will go by Fatima, when of his trip to Bolivia to see if he can be helpful.

I think that the solution we are giving you is more positive than negative. The important is that, as occured with your Religious Sisters, you have no fear in following your autonomous line with your group of students, if the Church recognizes it through the Bishop.

Speaking of this, please note that the name of the Religious Sisters you found is being already employed by another religion congregation approved by the Church. When approving yours, you will be obliged to change the denomination. So, it would be advisable you change it from now with some difference, addition or cut.

Sincerely yours,

I suppose your health is better. Let us pray for that. Regards to your

TO WHOM IT MAY CONCERN

Two years ago, Father Aloysius Ellacuria, C.M.F. wrote to us that he was interested in founding a branch of the Claretian Community to serve as Chaplains of the Blue Army of Our Lady throughout the world, and to foster perpetual adoration of the Blessed Sacrament and perpetual veneration of the Immaculate Heart of Mary (the ultimate goals of the Fatima apostolate).

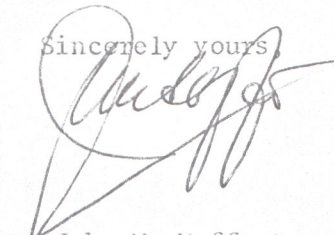

With the permission of his Superiors, Father Ellacuria went to Fatima last year to begin this community with the permission of the Bishop of Fatima and of the Claretian Superiors.

As the idea of the Community developed, the General of the Claretians felt that it should be rather a separate Community than a branch of the Claretian.

With the permission of the Bishop of Fatima, Father Aloysius tried to establish his new community at Fatima but found it virtually impossible because of the language difficulties and the distance for the handling of candidates from the United States. Therefore, while continuing to maintain a house at Fatima, Father Aloysius has thought to establish a Novitiate and eventually a Seminary here in the United States.

We are warmly sympathetic to the principles and ideals of this new community, and we are both willing and anxious to help in any way that we can.

Muy estimado Padre Ellacuría:

Para arreglar jurídicamente su permiso de ausencia, necesitamos un Visto Bueno del Sr. Obispo de Leiria, diciendo que le permite que se quede en Fátima para hacerse cargo del grupo de jóvenes que Dios le ha confiado.

Yo escribí al Sr. Obispo hace meses, cuando le encomendé la Obra, pero no tuve el placer de tener contestación.

Ese Nihil Obstat lo necesitamos como conditio sine qua non.

Muchos saludos y que el Señor le ayude en todo. In C.R.

Muy estimado +adre:

Debido a la huelga de correos que ha durado casi un mes, su carta de 14 de Abril me ha llegado solo hace unos días. Mientras tanto recibí la carta del P.Joaquin Alonso, su buen abogado que intercede por Vd. y su grupo.

Ya sabe que yo le apoyé siempre. Y que volví atrás, sólo porque así lo impuso el Sr.Obispo de Leiria.

Ahora Vd. y el mismo P.Alonso me dicen que el Sr.Obispo vuelve atrás. Pero, teniendo en mis manos solo un documento negativo de parte del Obispo, le he escrito hoy pidiéndole me confirme su intención de suspender esa disposición que dió de que V. y su grupo abandonasen la diócesis de Leiria.

En espera de que el Sr.Obispo me escriba, puede V. seguir. Naturalmente la orden de que V. se reintegre a su Provincia seguirá válida en el caso de que el Sr.Obispo confirmase su voluntad de oposición.

Yo no puedo mandarle ningún Padre, ya puede comprender que no podemos mandar que dejen la comunidad para unirse a ese grupo cuando tantas necesidades hay en las casas. Todos los que fundaron alguna obra parecida desde la Congregación, lo hicieron sin abandonar la vida de comunidad. Lo mejor es que V. pinse formar su sucesor en el mismo grupo que allí tiene. Así han hecho todos, inclusive nuestro P.Fundador.

Para dar un arreglo a todo lo que es economía puede permitir que le ayude el P.Alonso. Así, cualquiera que fuese el desenlace, todo entrará en orden. El mismo puede tratar con el P.Provincial de Portugal.

Esperemos la respuesta del Sr.Obispo. Y mientras tanto podamos

al Señor y a la Virgen.

Agradeço muito sinceramente sua carta em que me pede informações sobre o nome da Congregação que eu ajudei a fundar. O nome exato da Congregação é: Congregação das Missionárias de Santo Antônio Maria Claret, mais resumidamente Irmãs Claretianas. Foram fundadas em Londrina a 19 de março de 1958. São atualmente entre professoras, novicas e candidatas, umas 500. Estão esparramadas por 5 Estados do Brasil e mais cinco nações estrangeiras: Itália, França, Alemanha e Suíça, na Europa e Costa do Marfim, na África.

Agradeço também a carta do Charles Carpenter que me foi entregue pelo Superior dos Claretianos de São Paulo.

Fazendo votos para que as novas Congregações que o V.R. fundou prosperem muito, me professo

Rev. Charles Carpenter, M.A.P.
Seminario de San Jeronimo
Burgos, Spain

Dear Reverend Fr. Joaquin M. Alonso, C.M.F. and Reverend Charles Carpenter,
M.A.P.:

Happiest greetings. MAP is born again! The wheat that died and was buried in Fatima has produced these last days eight shafts in four seminaries. We have three theologians and one more next year. He is with the four philosophers -- altogether eight! Details later. They are all happy in their seminaries, with the recommendation of their pastors and spiritual directors and with the approval of their rectors and professors.

Fr. Aloysius has been a real founder in doing all this work with the greatest secrecy with me alone helping him. He has gone through a very great suffering because of Mr. and Mrs. Maguire. Maguire has proved to be disloyal, an autocrat in regard to the money that Fr. Aloysius loaned him for the seminarians, and lack of secrecy in a very important matter that dealt very confidentially with him as a director of the MAP. He himself thought that he was the MAP and that it was up to him to manage the MAP and examine the seminarians and deal with the ecclesiastical authorities. Besides that, his wife was a gossip of the worst kind.

Fr. went to the lawyer, Mr. Joseph O'Connor, and the lawyer saw that Fr. was not only right, but that a rotation of directors was needed at once with new directors, removing Maguire. The lawyer, with great respect to Fr. Aloysius, for whom he loves for many years (Fr. has baptized two of his children), saw the need of removing Mr. Alfred Maguire and found a way calling a meeting in which, by the will of Fr. Aloysius, the lawyer himself was elected President, for many reasons, and above all, in the case of Father's death, the lawyer could take the responsibility of the finances, and then Tony Arpaia was elected Treasurer. So far Tony Arpaia is the greatest contributor, and Tony loves the MAP. He even said that he loves the MAP more than his wife (of course, he loves his wife most dearly). He as well as the lawyer and I too have been ever loyal to Father, Always through thick and thin. Father cannot say the same about other very close friends.

On the recent pilgrimage Fr. General gave a very warm reception to Fr. Aloysius in Rome (June, 1976) and told him that he was sorry he didn't give the help he promised when he told Fr. to make a separate congregation from the Claretians with the boys he took to Fatima with him. Fr. General was sorry he couldn't give the help he promised Fr. Aloysius in Fatima.

Our best to both of you. But before that, Fr. regrets not to receive a line from you, Charlie, all these months. When you do write, do it indirectly through Kevin, who is among young men one whom Fr. considers the most loyal ever, when he is not bound at all to do anything for him. Our Lord has blessed him with a salary of \$1000.00 a month, because Fr. recommended him to the man who is giving him this salary, a man who loves Father very much.

As we have now eight, try, Charlie, to keep your poverty the best you can because we must treat all the same. You are just one of them. Father needed all his firmness and a lot of prayers and Masses to obtain these boys and to remove Alfred and Doris Maguire from being directors and treasurers of the MAP, because with them it was going to be the end of the MAP. But God gave it to Father, and Father felt the need before the almighty God to rectify everything before dying. He might not last too long. Pray for his health, its not the best. Fr. considers that all the humiliations that came to him both from within and without were new steps to revive the MAP. At the same time the devil wanted with those humiliations to do away with the MAP because of the extreme sensitivity of the Father in the slanders he has gone through, which he has pardoned completely without a bit of resentment.

Fr. saw this, and the last possibly, since you didn't write to him for so long, possibly moved by the evil tongue of these Maguire (of this Fr. is not sure). But he wonders why you have neglected any correspondence for the first time since you are away from him, to whom after God you owe all. Charlie, you must realize that first comes first.

Fr. considered all of this great Providence from God, and with great prudence, and I cooperated with him one-hundred fold. This is still all a great secret, and we would like to keep it that way for years. Oh, how Fr. dreads the women, they cannot keep secrets, even the ones that are considered the best ones.

Fr. says when your ordination comes, be it as simple as possible, as it used to be with the ordinations of the Claretians in the old days. The least noise you make the more security for the MAP. And Fr. wishes you wouldn't come to the States, because it will do more evil than good for the MAP. Father anticipates this as a founder.

As a founder Fr. has the charism as it was given to him by God through Fr. General, and this charism has not been taken away from him. He wasn't looking for it. And believe me, Fr. amazes me with the things that he tells me, and remember Charlie, that God through the Fr. General founded the MAP, and gave it to Fr. Aloysius and never has taken it away from him. The MAP never would have succeeded unless the Providence of God brought Fr. Alonso to us as a most efficacious and so highly influential help, by orders of Fr. General, when Fr. was actually dying in Fatima with three heart attacks, one right after another, and badly slandered by the ecclesiastics and the people.

Charles Mandina has been away the whole summer with Padre Pio's cause in San Giovanni Rotundo. He was not able to help us at all. Just with Kevin Father was able to do everything.

Kevin has since become the head of a plastics factory. He has an immense ability and charm to do everything most efficiently and all so fast and so graciously. They all love him and call him the perfect gentleman. But they call him a very holy boy with his daily mass, communion, rosaries, holy hours and spiritual readings, and so well balanced in all that pertains to the changes of the present day.

The MAP is ever in Father's prayers, mind and heart -- and in Fr.'s every holy Mass. Particularly at the elevation of the Sacred Species.

In the Most Blessed Sacrament and the Immaculate Heart of Mary,

Kevin J. Manion

P.S. As I am writing this, Fr is in bed with the sixth attack of PNEUMONIA. Pray that it doesn't go into a sixth heart attack.

Please get all the documents that are in the hands of the Bishop of Feira appertaining to the MAP. Among them is the original letter of Fr. General authorizing Fr. Cloysius to start the new congregation. The bishop accused Fr. of running away from the Claretians, and Fr. presented the bishop this letter to justify himself. The bishop took the letter, and Fr hopes that he still has it.

Dear Fr. Alonso,

Greetings in Our Lord.

I have been in contact with Fr. Aloysius and Kevin Manion in person and now by letter. Kevin has given me your address as well as the address of Charles Carpenter so that I can start writing to both of you. Perhaps a little background on myself would be one of the first things you would like to know.

Firstly, I am now 20 years old, and I am studying here at Holy Apostles College for the priesthood. I will be here for 2 or 3 years depending on the class load I could take. I have had some previous college studies. To explain myself a little more, when I was back in California, I was seeking entrance into some religious order or congregation but to no avail. I started this a little more than a year ago. During this year I met a Passionists Father who became my spiritual director. Under his guidance, I was trying to gain entrance into the Passionists to study for the priesthood, but I had no luck. In fact, their committee put me off for consideration this coming January 1977. Then through a series of events, my spiritual director suggested that I see Fr. Aloysius. Thus this passed summer I was able to see Fr. Aloysius. It was at this time that I was introduced into the M.A.P. The next step was to try to get me into a seminary where I could remain

+

a holy life I don't want to loose any moment in this life I study hard - I enclosed my personal daily schedule you will see how I'm living.

Give my regards to My Dearest Father, to Carlos Mandina. I hope you see my brother -- Carlos once in a while tell him that I'm O.K. that I never forget him and all of you in my prayers.

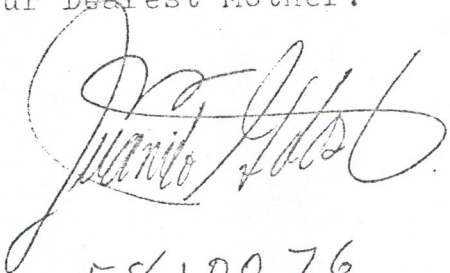

One more important thing --- I've lost some weight since I've been here, but I feel -- good; what I lost was just useless fat.

Kevin think in me if you are able to - pay for me now I think is the best way because I read in the news letter (the Claretian Guild a couple weeks ago when they send some money to one of the seminarians for instance Keith - They write in this news paper. I read this; now we sent to our dear Keith who is in Rome with Bro. Gino 200 etc etc..

Kevin what do you think when they send me some money? all the people will know that I am not into any order and this could be a problem. If you pay we avoid many problems. Please let me know what do you think.

Thanks for every thing you have done to help my vocation.

Sincerely yours in the Most Blessed Sacrament and the Immaculate Heart- of Mary Our Dearest Mother.

Dear Kevin,

I'm sorry I have not had time to write you until now but I have been very busy. I'm writing to tell you and my Dearest Father Aloysius that I'm O.K.

I have been studying Italian every day and I'm able to speak very well by practicing with the Italians.

I went for a couple times to the Angelicum for information and they told me to return October 1st for registration. They told me it cost about 150 a year to attend. They said that I must pay on the day of registration, the cost for rent where I stay is 75 per month. The cheapest place I can find to eat is a convent for 75 per month for 3 meals per day. I think is the best place, because before I met it I spent almost 6 per day and only breakfast and lunch.

Other great thing for us and for all the future seminarians; Bro. Gino invited me to join with him, He told me that he was waiting for me and he said that I'm a great boy into the eyes of God. He said that I have a very holy heart and holy soul he said "I see your heart and you will be a very very holy religious Priest, he kissed me many times, and embraced me, but I don't care about that I am for M.A.P. and I love M.A.P. with all my heart"

MISSIONARIES OF PERPETUAL ADORATION OF THE MOST BLESSED SACRAMENT
AND PERPETUAL VENERATION OF THE IMMACULATE HEART OF FATIMA

OCTOBER 5, 1976

Dear Juanito,

We were so happy to receive your letter of September 20. You surely have been very, very busy, learning Italian, etc. Fr. Aloysius was most happy with your love for the M.A.P., and your definite intention to be with Charles Carpenter and the other religious brothers in this new work of the Church. It is most edifying that despite your invitation to join other good religious congregations, including the very good Bro. Gino, you have made the decision to be a true Missionary of Fatima spreading throughout the world the devotion to the Most Blessed Sacrament and devotion to the Immaculate Heart of Fatima. And what could be better than a congregation founded in the spirit of St. Anthony Mary Claret, the congregation which our dear Fr. Thomas Matin, C.M.F. belonged, and to which Fr. Aloysius is a member. Yes, we are fortunate, indeed, to know the Claretian congregation and the Claretian spirit. And we have come to know the spirit of St. Anthony Mary Claret by the example left us by the members of his congregation.

And now, Juan, there is another Claretian that we are most privileged to be acquainted with. This is Fr. Joaquin Maria Alonso, who is helping the M.A.P. as our best friend and advisor. C.M.F. Fr. Alonso is the priest who has taken much of the burden of the new congregation, or project, off the shoulders of Fr. Aloysius, when Fr. became sick in Fatima and returned to California. Fr. Alonso is our greatest friend in this work. Fr. Aloysius asks that you write to Fr. Alonso, write in Spanish if you like, and he will be most pleased to hear from you. Fr. Alonso is certainly sent to us by God, and Fr. Alonso also knew our dear Fr. Thomas. So you see how things are working out!

Juanito, we are enclosing a check for \$500.00 which will cover some of the tuition, living expenses, cost of room and board. Please use this money wisely and prudently, as we are sure you will. This money is given to you as a future member of the M.A.P., and we are very proud of you! Keep praying for us as we will be praying for you. Again, if you have future need of money, please tell us ahead of time. We are supporting you, and will continue supporting you, you can be sure of that. Fr. Aloysius loves you very very much. We will pay for you, as you say in your letter, so we can avoid many problems.

Sincerely your in the Most Blessed Sacrament and the Immaculate
Heart of Fatima,

Fr. Aloysius Ellacuria C.M.F. *Fr. Joaquin Maria Alonso*

To Whom It May Concern:

Fr. Aloysius Ellacuria, C.M.F. is a member in good standing of the Claretians of the Western Province, located at the above Los Angeles address. Fr. Ellacuria has recently been on a special assignment in Fatima, Portugal, the founding or establishing in Portugal of a Congregation of Men of Perpetual Adoration, which has no relation or connection with the Claretian Congregation. Fr. Ellacuria has been given permission for this work by our Superior General in Rome.

Fr. Ellacuria's background in the States runs as follows:

Rector and Prefect of St. Jude's Minor Seminary,
Mokena, Illinois - 1937 -- 1942
Master of Novices for about 10 years in our
Los Angeles Noviate
Superior of the Provincial House, Los Angeles
Superior and Pastor of Immaculate Heart Parish,
San Antonio, Texas
Superior and Pastor of Immaculate Heart Parish,
Phoenix, Arizona

I hope the above gives some indication of his background and standing. His founding or establishing a new Congregation of Men and Women is not connected with the Claretian Order as such. This is a personal ministry of his.

With all best wishes,

Sincerely in Christ,

Bernard O'Connor, C.M.F.

Milwaukee, Wisc. 53202

Dear Monsignor Beres:

Thank you for the time you gave me when I was in Milwaukee and presented you with the brochure on Missionaries of the Perpetual Adoration. Since Father Ellacuria is in Portugal, it was difficult procuring copies of the attached letters.

If His Excellency is willing to take the group into the Milwaukee diocese they could do any special work and adjust themselves to his pastoral needs. Presently the group numbers about thirty men, mostly qualified for catechetical work. One of them is an attorney with two years of practice, another has an M. A. in philosophy and is highly qualified for C.C.D. work on any level. One of the men is a college administrator with an M.A. in guidance and personnel administration from New York University. There would be two priests ready for Spanish, French and English pastoral work.

The group will not be a financial burden as they have sufficient means for self-support. Should His Excellency approve, it would be necessary to acquire or make arrangements for housing and pastoral work. Later on they would like to send well-qualified members for the priesthood to suitable centers of priestly studies, everything at their own expense.

Enclosed is a copy of a letter from John Haffert, director of the Blue Army, also from Juan Arzube, Auxiliary Bishop of Los Angeles and Rev. Bernard O'Connor, C.M.F., Provincial Superior of the Claretians in Los Angeles. These might give you further insight into Father Ellacuria's background. As for me, I am affiliated with a group of laymen who are trying to guide this group. You may wish to check my qualifications with Paul Noelke, Dick Cudahy, Helen Casper (your parishioner) or Bishop William O'Connor of Madison. Mrs. Robert W. Dean (962-0781), St. Robert parish, is my sister.

I would appreciate word from you as to a definite approval from His Excellency, so that we could continue work on acquiring housing, etc. - all to be ready for moving over from Fatima by about next June.

Yours in the Sacred Hearts,

To Whom It May Concern:

I have known Father Aloysius Ellacuria, C.M.F. for the past eighteen years, and he has been my spiritual director at all times, except when his duties called him outside of Los Angeles. I believe that this fact speaks for itself, and that no further recommendation is needed, but I would like to express the deep esteem and gratitude I hold for him. He is an unselfish, dedicated minister of the Lord, for whom to live is Christ and His work.

He is presently involved in training Missionaries of Perpetual Adoration, and, provided he has the approval of his religious superiors, I heartily endorse his work.

Sincerely yours in Christ,

+Juan Arzube

"I give my blessing to you and to all your members." - POPE PAUL VI

TO WHOM IT MAY CONCERN

Two years ago, Father Aloysius Ellacuria, C.M.F. wrote to us that he was interested in founding a branch of the Claretian Community to serve as Chaplains of the Blue Army of Our Lady throughout the world, and to foster perpetual adoration of the Blessed Sacrament and perpetual veneration of the Immaculate Heart of Mary (the ultimate goals of the Fatima apostolate).

With the permission of his Superiors, Father Ellacuria went to Fatima last year to begin this community with the permission of the Bishop of Fatima and of the Claretian Superiors.

As the idea of the Community developed, the General of the Claretians felt that it should be rather a separate Community than a branch of the Claretian.

With the permission of the Bishop of Fatima, Father Aloysius tried to establish his new community at Fatima but found it virtually impossible because of the language difficulties and the distance for the handling of candidates from the United States. Therefore, while continuing to maintain a house at Fatima, Father Aloysius has thought to establish a Novitiate and eventually a Seminary here in the United States.

We are warmly sympathetic to the principles and ideals of this new community, and we are both willing and anxious to help in any way that we can.

Sincerely yours,

John M. Haffert
